# **Culver City Unified School District** FIRST INTERIM REPORT 2011 - 2012 I. BUDGET SUMMARY AND ASSUMPTIONS **DECEMBER 13, 2011**

## INTRODUCTION

This annual budget is the first in an ongoing series of financial reports for the 2011-12 fiscal year. This budget presents a frozen-in-time snapshot of where the District is financially, and where it is heading. This is the fourth consecutive year the District has had to make significant budget cuts because of the reduced revenues provided by the State. In 2011-12, the District will reduce one-time expenditures by \$0.8 million through four furlough days for all employees.

The budget for the past four years has been particularly difficult to develop due to a wide variety of economic complexity that has originated from external sources. These range from the national and statewide economic freefall to significant legislative changes imposed onto school districts by the State. On June 15<sup>th</sup> we saw the arrival of the constitutional deadline for the Legislature to pass a 2011-12 budget, and there was no agreement to extend taxes. With time running out, the Democrats passed a majority vote budget as authorized by Proposition 25 - a budget that included some new revenues, some additional spending reductions, some questionable assumptions, and a gap in school funding. To fill the gap, the adopted budget bill imposed \$2.85 billion in new Proposition 98 deferrals, losing the proposed extension of temporary taxes that would reduce the Proposition 98 minimum guarantee by about \$1.6 billion. So, any greater reduction in Proposition 98 funding for schools, whether through cuts or deferrals, would require a suspension of the guarantee - something the Legislature did not do and that would require both Democrat and Republican support in order to reach the two-thirds vote threshold for suspension. Governor Brown vetoed the budget bills passed by the Legislature on June 15, 2011.

Under the most adverse and restrictive circumstances, this 2011-12 first interim has been prepared to reflect all expected restricted and unrestricted revenues and planned expenditures beginning July 1, 2011 and ending June 30, 2012. In developing this budget and the related multi-year projections of 2012-13 and 2013-14, critical assumptions were made about key issues that may or may not become reality. Key assumptions are based upon Governor Brown's "May Revise" as well as facts and detailed analyses concerning local issues such as District-wide student enrollment levels. All assumptions reflect the best known internal and external information that is available at the time of budget preparation, including a \$266.00 revenue limit reduction per ADA which amounts to approximately \$1.8 million in revenue reductions for fiscal year 2011-12 and beyond.

When the State adopts its revised budget at some time in the future, the District will make relevant changes to its own budget based on the new information that becomes available. CCUSD updates its assumptions, budget and multi-year projections at least three times after this original budget is adopted. These updates, or interim financial reports, occur in September, December and March of each fiscal year.

#### INTRODUCTION

#### **Budget Compliance Issues**

California law imposes multiple requirements on the budget of a school district. For example, the District must:

- Adopt its budget by June 30, regardless of whether the State has adopted its own budget.
- Submit the First Interim Report by December 15<sup>th</sup> for board approval;
- Provide budget projections over a three-year period;
- Maintain a balanced budget in each of the three projected years;
- Reserve a minimum of 3% of the current year's expenditures for economic uncertainty;
- Provide a specific accounting format to the State; and
- Meet established fiscal standards and criteria, and explain any variances or violations in writing to the Los Angeles County Office of Education, an oversight agency.

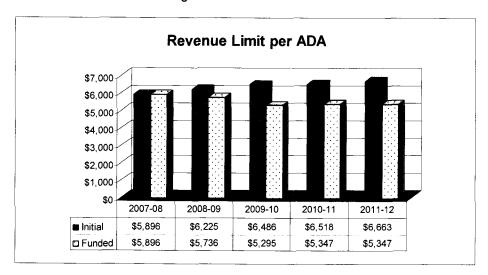

## **Certification Status**

Culver City Unified School District is filing the 2011-2012 First Interim with a Positive Certification. This report specifies that the District meets the State required Reserve for Economic Uncertainty of 3% in fiscal year 2011-12 and 2013-14.

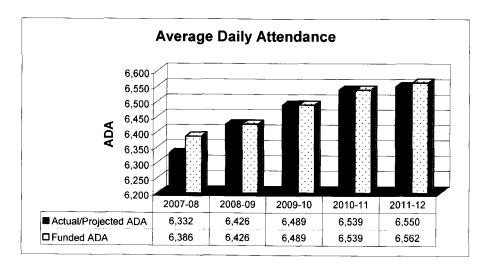

## **REVENUES**

## Average Daily Attendance (ADA) and Revenue Limit per ADA

The major source of revenue to the school district is the Revenue Limit apportionment calculated on a base revenue formula per unit of Average Daily Attendance (ADA). These revenues are based upon the District's ADA multiplied by the District's Revenue Limit per ADA. The calculation of these two factors provides the majority of unrestricted revenues to the District. The chart below shows the revenue limit funding trend, plus it illustrates the initial revenue limit provided by the State compared to the final funded revenue limit. In years that the funded revenue limit is less than the initial revenue limit, the State has applied a deficit factor that reduces funding to all school districts.

The following table shows the year-over-year trend of Average Daily Attendance (ADA). Actual ADA for fiscal year 2011-12 is projected to be 6,550, an increase of 13 enrollments from fiscal year 2010-11. There is a one-year grace period built into funding for declining enrollment districts which means that we will be funded based upon the 2010-11 fiscal year.

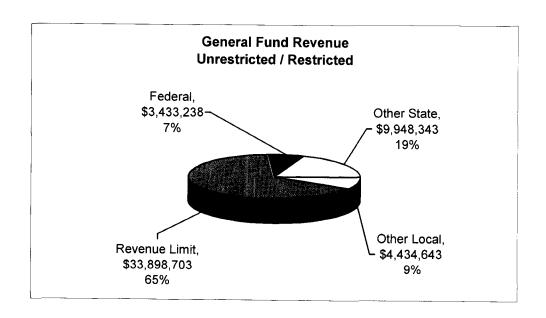

### **REVENUES**

#### **Summary of Revenues**

Total revenues are projected to increase by \$1,207,759. At the time of the adopted budget, \$330 per ADA was reserved for revenue limit funding reductions, which equates to approximately \$2.2 million. In the event the State's general fund revenue falls between \$2.0 and \$4.0 billion dollars, the trigger language in the State budget authorizes the Department of Finance to implement automatic reductions to K-12 funding. Revenue projections for the current year are estimated to be down \$3.7 billion from the approved budget assumptions and reductions will be effective February 1, 2012. The District's share of reductions is estimated at \$266 or \$1.8 million dollars. Automatic triggers will also reduce Special Education Transportation by half or approximately \$61K. The combination of reductions savings and increase in enrollment of 13 ADA, attributes to an increase in revenue limit revenue, as well as carryover balances in FLAP grant of \$240K, Title one grant of \$133K and EIA \$99K.

#### **EXPENDITURES**

## **Personnel Costs**

In summary, total salaries and benefits of \$41,799,984 represent 80.83% of total projected revenues, or 77.98% of total projected expenditures. The increase in Salaries and Benefits is due to the return of two furlough days to employees. These personnel costs do include the bargaining unit settlement of four furlough days in fiscal year 2011-12, including management staff.

In Unrestricted, 93.58% of total expenses are for personnel. Only 6.42% of unrestricted expenditures are in other categories such as supplies, conferences, legal fees, etc.

## CULVER CITY UNIFIED SCHOOL DISTRICT 2011-2012 First Interim Report

#### **BUDGET SUMMARY AND ASSUMPTIONS**

## **KEY FINANCIAL ISSUES: 2011-12 AND BEYOND**

Key issues the District must continue to consider when contemplating fiscal commitments that have short- or long- term implications include the following:

#### State Budget

The State's Budget for 2011-12 and beyond seems irreparable. The Governor's May Revise and subsequent legislative actions continue to attempt to balance the budget with gimmicks. The District should be prepared to anticipate that negative fiscal circumstances will continue for the foreseeable future.

## **Collective Bargaining**

The District has settled negotiations with its employee groups for the 2011-12 year. Bargaining units had previously agreed to take six furlough days for Fiscal Year 2011-12. However, furloughdays were reduced to four.

#### **Health and Welfare Costs**

The cost of employee health care benefits continues to increase each year. All present indicators suggest this trend will continue for the foreseeable future. The District and its bargaining units must seek cost sharing, cost containment or cost reduction solutions that are fiscally responsible and mutually satisfactory.

#### Special Education Costs

Special education costs can be difficult to control and have a high potential for rapid escalation. Satisfactory cost containment measures must be vigorously pursued at every opportunity, especially since the State is not fully funding mental health services and transferred responsibility of the services to the school districts.

## **Unfunded Retiree Benefits**

In 2000-01, the District discontinued pre-funding retiree long-term obligations in order to provide salary increases to employee groups. At that time, the Retiree Fund had a balance of \$1,554,465. The Retiree Fund is now closed and the General Fund is completely responsible for paying every penny of retiree lifetime benefits. Paying the costs of promised retiree benefits on a "pay-as-you-go" basis will continue to compete for current year dollars which, in turn, has an immediate impact on the amount of funding available for active employees and programs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

----	--------	------------	-------	------------	---

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool.

### Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

#### 7. CRITERION: Facilities Maintenance

STANDARD: Identify changes that have occurred since budget adoption in the projected contributions for facilities maintenance funding as required pursuant to Education Code sections 17584 (Deferred Maintenance) and 17070.75 (Ongoing and Major Maintenance Account).

7A. Determining the District's Compliance with the Contribution Requirement for EC Section 17584 - Deferred Maintenance

NOTE: SBX3 4 (Chapter 12, Statutes of 2009), as amended by SB 70 (Chapter 7, Statutes of 2011), eliminates the local match requirement for Deferred Maintenance from 2008-09 through 2014-15. Therefore, this section has been inactivated for that period.

7B. Determining the District's Compliance with the Contribution Requirement for EC Section 17070.75 as modified by Section 17070.766 and amended by SB 70 (Chapter 7, Statutes of 2011), effective 2008-09 through 2014-15 - Ongoing and Major Maintenance/Restricted Maintenance Account (OMMA/RMA)

NOTE: SB 70 (Chapter 7, Statutes of 2011) extends EC Section 17070.766 from 2008-09 through 2014-15. EC Section 17070.766 reduced the contributions required by EC Section 17070.75 from 3 percent to 1 percent. Therefore, the calculation in this section has been revised accordingly for that period.

#### 8. CRITERION: Deficit Spending

STANDARD: Unrestricted deficit spending (total unrestricted expenditures and other financing uses is greater than total unrestricted revenues and other financing sources) as a percentage of total unrestricted expenditures and other financing uses, has not exceeded one-third of the district's available reserves as a percentage of total expenditures and other financing uses in any of the current fiscal year or two subsequent fiscal years.

'Available reserves are the unrestricted amounts in the Reserve for Economic Uncertainties and the Unassigned/Unappropriated accounts in the General Fund and the Special Reserve Fund for Other Than Capital Outlay Projects. Available reserves will be reduced by any negative ending balances in restricted resources in the General Fund.

<sup>2</sup>A school district that is the Administrative Unit of a Special Education Local Plan Area (SELPA) may exclude from its expenditures the distribution of funds to its participating members.

## S8. Status of Labor Agreements

Analyze the status of employee labor agreements. Identify new labor agreements that have been ratified since budget adoption, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

#### If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.
