Groundbreaking News for the New Synthetic Field and Track at Culver City High School - Let's Kick It Off!

Balfour Beatty Construction and Culver City Unified School District are proud to announce that the New Synthetic Field and Track at Culver City High School is about to break ground! Take a look at the Upcoming Events for a sneak peak of what to expect in the near future.

Balfour Beatty Construction is pleased to be your new general contracting partner for this project and to work alongside the District's selected architect, Westberg + White. Our Scope of Work includes constructing a new synthetic grass football field and a new synthetic track at Culver City High School. In addition to this project, our project team will be working with the District's solar consultant and Westberg + White to assist with the coordination of the future solar project at Culver City High School, Culver City Middle School, and Farragut Elementary School.

Balfour Beatty Construction has a proven track record in successfully delivering similar athletic track and field construction projects for a large number of school districts statewide. Not only do we intend on being good neighbors and partners by staying in tune with the needs and concerns of the community, we also look forward to working closely with Culver City Unified School District and running a clean and safe job for everyone. Thanks in advance for your cooperation and GO CENTAURS!

Upcoming Events

- March 28, 2013 – Community Meeting will be held at Culver City Middle School Multi-Purpose Room at 7:00 pm
- April 3, 2013—Mobilization of Site (install temp fencing, set up jobsite trailer, etc.)
