SCHOOL-BASED DECISION MAKING

The Governing Board desires to improve student learning by giving decision-making opportunities to the people who are closest to the students. The Board shall adopt policies which support decision making appropriate to the site level and shall oversee district accountability for such policies.

Under the direction of the Board, school employees, parents/guardians, secondary students and community members may collaborate on matters such as program priorities and delivery, student behavior and discipline, student services and counseling, personnel selection and assignment, and the allocation of funds.

The Board desires to support staff decision-making responsibilities with appropriate inservice training, to encourage creativity at school sites, and to evaluate staff performance in relation to school objectives. The Superintendent or designee shall help school decision teams establish planning processes, make efficient use of resources and staff, and develop new programs based on the needs, interests and resources at their individual schools.
