ACADEMIC HONESTY

The Governing Board believes that personal integrity is basic to all solid achievement. Students will reach their full potential only by being honest with themselves and with others.

The Board expects students to respect the educational purpose underlying all school activities. All students need to prove to themselves that they can do successful work as a result of their own efforts. The Board expects that students will not cheat, lie, or plagiarize.

The Board recognizes that students are more inclined to cheat when there is little likelihood of getting caught. Each school shall provide an environment that encourages honesty. Students must know that their teachers will not ignore or condone cheating and that anyone discovered cheating will be penalized.
